Pay your Zakat 2.5% to SHF if you are people of Nisab

Sunnah Helping Fund Inc collects and distributes Zakat to those who are most in need, in accordance with Islamic guidelines.

According to the Holy Qur'an (9:60), there are eight categories of people who qualify to be recipients of Zakat. SHF gives:

1. The poor
2. The needy
3. The collectors of Zakat (Islamic Relief USA is an example)
4. Those whose hearts are to be won over
5. Captives
6. Those burdened with debt
7. In the cause of Allah (SWT)
8. Travelers

Most scholars agree that the poor and needy are the most important categories of people to receive Zakat. Given that, it is acceptable to give your entire Zakat allotment to individuals who are in those groups. While many prefer to give Zakat ul-Mal during Ramadan, the option to give is always open. However, when it comes to Zakat al-Fitr, it should be given before Eid prayer.

Mission & Vision

Sunnah Helping Fund used to help people publicly before we started our nonprofit organization during COVID-19. This encouraged us to start an organization to aid more people with more resources.

Our organization provides a way for people to work together for the common good for humanity, transforming shared beliefs and hope to action. It shapes our boldest dreams, intended ideals, and for a noble cause.

We are one of America's 1.3 million charitable organizations that feed, shelter, educate, inspire, enlighten, heal, and nurture people. These people come from different ages, genders, races, and socioeconomic statuses from coast to coast, border to border, and beyond. They foster civic engagement and leadership, while driving economic growth to strengthen the fabric of our communities daily. SHF envision the humanity where communities will be empowered and all individuals have access to basic human needs.

And from their properties was [given] the right of the [needy] petitioner and the deprived

Our organization is a 501(c) 3 non-profit focused on empowering people, creating opportunities, and strengthening the bond of humanity to become self-sustainable. The individuals we serve lack the resources for rural communities to thrive in the wake of poverty, disease, and literacy. They come from different ages, genders, races, and socioeconomic statuses from coast to coast, border to border, and beyond.

The past few years have been both exciting and daunting. With rapid growth and demand from the poverty line individuals, we need more resources to help the community. It is our goal to improve their daily living conditions by overcoming the problems that stem from poverty.

Our initiatives:

- **Orphan Support Program:** SHFI sponsored children gain access to food security, educational support, health care, nutrition, social activities, protection and much more! Make a lasting impact in the lives of those who need it most.

- **Skills Development and Livelihood Program:** SHFI trains those in need with skills to promote financial stability. By organizing and assisting artisans in quality product development and marketing, SHFI empowers them to become monetarily independent.
- **In-Kind Gifts Program:** Quality goods and services make up the donations in this program, aiming to connect resources with hospitals, schools, and civilians in need across the globe.

- **Water for Life Program:** SHFI's water and sanitation programs help people access clean water for consumption and irrigation purposes by constructing and rehabilitating shallow wells and facilities.
- **Winter Provisions:** An estimated 150 million people worldwide are homeless and 1.6 billion lack adequate housing. This program aims to provide essentials that will help families brave the winter months.
- **Matching Gifts Program:** Many corporations match employee donations to our organization so we can double the amount of help we offer to those in need.
